Angela -

Is there any chance you could give us the address associated with the three (3) permits you have listed below?

Also, do we need to reference the existing permit on our new applications?

Mr. Young,

Pursuant to our telephone conversation this afternoon attached are the following documents:

1. Application For Source Registration and Authority-To-Construct Permits for Fuel Dispensing Stations in Bernalillo County, and
2. Permit Application Review Fee Instructions and Checklist.

Please note that all of the Smith's Gasoline Dispensing Facilities are subject to 40 CFR 63, Subpart CCCCCC - National Emission Standards for Hazardous Air Pollutants for Source Category: Gasoline Dispensing Facilities. Therefore, if any of the gas stations that will be modified have not paid the fee listed under the Permit Application Review Fee Checklist under Section III for the Federal Program Review Fees - 40 CFR 63 - NESHAP Promulgated Standards of \$1000.00 will be required in addition to the total application review fees due for each gas station. According to our database permit numbers #1677, #1783 and 1911-M1 have not been assessed the additional NESHAP fee of \$1000.00. Therefore, if you will be modifying permit numbers #1677, #1783 and 1911-M1, please include the additional \$1000.00 fee in addition to the calculated application review fee for each of the gas stations. If you have any questions, please do not hesitate to contact me.
